REMEMBERING A CLASSMATE

Seth Martin, who died in a recent accident, is remembered by his classmates as they gather around the Japanese cherry tree that they have planted as a living memorial. His classmates each took turns in the placing of the earth over its roots as part of the Flag Day activities at Center School.

Old Hammondtown Flag Day

Old Hammondtown School commemorated Flag Day on Tuesday, June 14th, Principal William Reed opened the ceremonies leading all in the Pledge of Allegiance to the Flag, followed by the Old Hammondtown School Band playing the "Star Spangled Banner".

The fourth graders presented the first Stars & Stripes Flag, known as the Bennington Flag, which was adopted on June 14, 1777. The stars were arranged in a circle to symbolize the union without end and the equality of the states.

The fifth graders presented three flags, the Bennington Banner, considered to be the oldest version of the Stars & Stripes; the "Don't Tread on Me Flag", depicting a rattlesnake across the stripes; the rattlesnake was a popular symbol because it was believed that a rattlesnake would strike only if provoked; the motto reflects the defiance of the colonists; many versions of this flag were used during the Revolutionary struggle; the "Star Spangled Banner Flag", the only official national flag of the United States to have more than 13 stripes; it is chiefly remembered because it inspired Francis Scott Key to write the verse of "The Star Spangled Banner".

The sixth graders presented our current flag, complete with 50 stars. The last two stars were added in 1959 when Alaska and Hawaii were admitted to the Union. On each star, the sixth graders added the nicknames of each state, including Massachusetts as the Bay State. They noted that each state is different - its people, customs, even accents, but together we are one - a unified people sharing the same belief in freedom for all. They explained what the Constitution means to each one of us.

The ceremonies closed with all singing "I'm Proud to be an American!"

Nunes' Property Possible Sale-Golf Course/125 House Lots

MATTAPOISETT SELECTMEN'S MEETING
JUNE 14, 1988-by VIRGINIA MORGAN

Selectmen were informed last Tuesday by Joseph Keller, president of the Keller Company, Inc. of Hingham, that his firm has just entered into an agreement with Manuel R. Nunes, Jr. for the acquisition of his land off Brandt Island Road. Mr. Keller was accompanied by his wife and Ralph Doyle of the Old Stone Bank of Providence, the bank that will be a 50 percent joint venture partner in the development.

Selectmen Chairman William F. Hubbard pointed out to Mr. Keller that the town must vote at a special town meeting before October 13th on whether voters decide to pursue the purchase of the Nunes' property with town and/or other financing. This action is covered under Massachusetts General Law, Chapter 61B, which makes it mandatory for a potential buyer to inform the town government of the proposed purchase if the land has been classified as recreational and thus taxed at a reduced assessment. The Town then has 90 days in which to have first refusal to purchase the land at fair market value.

The May Annual Town Meeting voted, in a non-binding sense-of-the-meeting vote, to instruct Selectmen to seek authorization at a special

town meeting either to waive the option to purchase or to pursue purchase in each instance that Chapter 61B land of a fair market value of $25,000. or more becomes available.

Mr. Keller said he understood this law and presented the Board with a letter describing his firm's intentions to build a championship golf course and develop the approximately 243 acres with 125 house lots. "We are committed to building on this land a first class golf course around the perimeter of the property, as well as approximately 125 house lots. We have also entered into a purchase and sale agreement with the Karakostas group who own adjacent land in Mattapoisett and in the Town of Fairhaven. If we proceed with developing both parcels, the number of house lots could be greater, with some additional lots in Fairhaven.

We believe that single-family homes surrounded by a golf course is the most sensitive use of this land; 50 percent of the land will remain open space. It will be an appropriate legacy for Manny Nunes. Some of the land will be left exactly as it has been all these years."

Mr. Keller continued, saying, "Developing land is never easy. The easiest option is to leave things as they are. Manny has decided at

this point in his life that it is best for him to sell this land. We are pleased that of all the people he interviewed, of the many who sought him out, we were chosen. We would like to think Manny chose us because he respected our financial strength and reputation; and was confident that we could succeed and develop this land into something unique. Manny Nunes is a proud man. Mattapoisett is a proud town. We believe that our golf course and housing will be one thing for this town to be proud of. We look forward to working with this Board and with other Boards and officers of this town."

Chairman Hubbard said, "Anything we can do to help, please let us know. You are welcome to use the Town Hall Conference Room for an open meeting to inform the public of your plans." Mr. Keller said, "We are 60-90 days from an open meeting."

Mr. Keller explained they were going to sell lots and not houses. The main entrance will be on Brandt Island Road. "Our expertise is land planning. Whatever houses get built will go first through our approval. We will have architectural restrictions with five types of homes acceptable, such as Mattapoisett, New England and Nantucket style. Mr. Keller further explained, "We are planning an 18-hole championship golf course with a small clubhouse. There will be no houses close to the water; all golf course will be near the water. The firm of Sasaki Engineering Associates, a well-known land developer, has already been hired for preliminary tests of the land to determine where best to place the house lots. Selectmen Hubbard and Bernard Talty approved. The restriction will apply to the months between May and September. Violators will have their vehicles towed away at the owner's expense. Highway Surveyor Wesley N. Bowman will be asked to paint stripes for parking both cars and trailers at the Legion lot on Depot Street. Ken Pacheco will be asked to make signs to place on the wharf.

Also, when all bottom scraping and painting is being done on a boat at dry dock, a sheet of plastic must be placed on the ground to catch the scrapings. It was noted paint chips and paint cans can be left at the sanitary landfill if there is no liquid in the cans. The Highway Surveyor will also be asked to place traps in the drain at the dry dock to catch scrapings from power washings. Painting and scraping work should be done by a Mattapoisett boat-related firm.

The Harbormaster said any person using the dry dock must first notify him. Non-residents' fees will be increased from 50 cents to $2. per foot per day at the dry dock. Residents/property owners will still pay 50 cents per foot per day, after

Committee emphasize the importance of the public meeting planned for Monday, June 27th, at 7:30 p.m. at the Sippican School cafeteria. All residents are urged to attend.

The Marion Land Bank proposal (Home Rule Petition) is on hold, pending passage of the statewide bill by the Massachusetts Legislature. This is not expected until 1989 at the earliest. After that, approval by the Marion Town Meeting will be requested.

Meanwhile, the Open Space/Land Bank Study Committee is now concentrating its efforts toward the completion of the Marion Open Space Plan, at the request of the Marion Conservation Commission, which received a grant of $1500 from the state for this purpose. The grant expires in November 1988. To be eligible to receive these funds the Open Space/Land Bank Study Committee was appointed an ad hoc subcommittee of the Marion Conservation Commission.

She has evaluated our inventory and mapping, and suggested how to incorporate this information into an Open Space Plan for Marion, which is acceptable to the Massachusetts Conservation District. With this accomplished, the Marion Conservation Commission will be eligible to apply for "self-help" funds for the purchase of sensitive land, as, for instance, that required for the protection of our well sites. The Open Space Plan will be developed for a five year period, with specific goals, including funding, for each of the five years. There are many parts of these questions to be discussed. Each person's point of view is important, so that we can develop a plan, which truly represents as wide a range of wishes of the residents as possible. Rochester Open Space and Recreation Survey

Rochester residents are urged to take time to fill out the survey recently mailed to them. The response will form the basis of the town's five-year open space and outdoor recreation plan.

This plan is vitally important to the town for two reasons: It will provide consistency in planning for future land needs, and it will enable the town to be considered by state and federal grant programs for 80 percent reimbursement for land acquisition.

Please mail completed questions by July 1, 1988 to: Open Space Committee, Rochester Town Hall, Rochester, MA. 02770.

Or, you may drop off your questionnaire in the entry way of Lloyd's Market on Hartley Road. Additional questionnaires are available at the Town Hall.

Did you know that spending time in the sun brings risks beyond sunburn? Repeated exposure to the sun's ultraviolet rays not only can cause skin cancer, but can prematurely age your skin. Most sunscreens are formulated to protect you from UVB (short) rays but now studies suggest you need a screen to protect you from both UVB and UVA rays. Early morning and late afternoon UVA rays can also lead to long-term skin damage. Sun damage is cumulative- it keeps adding up over your lifetime. START EARLY!

as to the specific purpose of the formation of this Committee. It was agreed that all would take home the literature provided and study it before the next meeting so as to be familiar with the terminology used and so be prepared to carry on a knowledgeable discussion. At that time the group should be able to decide on a format for future meetings.

Roger Blanchette was elected Chairman and Carl Gomes was elected Vice-Chairman. Mr. Gomes volunteered to get the most recent issue of Statute 40 B from the State House and to arrange for any additional regulations and directives to be sent to the Selectmen.

Mr. William Carmo, Senior Field Representative of the Massachusetts Housing Finance Agency, explained the function of a Housing Partnership and stated that he would be available to assist the Committee in any way. He pointed out that a town which has a state designation as a Housing Partnership Community can control efforts of developers to build in that town. If there is no 'good faith' effort by the town to fill housing needs developers can go directly to the state and

FAN EXHIBIT

FANS will be featured during the month of July at the Mattapoisett Historical Museum. The word "fan" today brings to mind electric fans (ceiling, wall and oscillating) or a sports enthusiast.

A fan to cool oneself with, flirt over, complement a costume, use as an object of authority has become outmoded. However, not too long ago a fan was all those things as well as beautiful.

July 4th Marion Horse Show

More than 75 horses and their owners -- one of the biggest fields of riders in many years -- are expected at this year's annual July 4th Marion Horse Show, now in its 42nd year.

Plans are underway for this year's day-long holiday show, one that draws horsemen of all ages from throughout New England.

Along with the formal competition for equestrians, there will be games and rides for children along a midway, a raffle featuring a $300. grand prize and more than 25 valuable gifts given by area merchants and businesses.

Food and refreshments will be available along with areas for picnicking.

Competition begins at 9 a.m. at Charles R. Washburn Memorial Park, Route 105, just south of Route 195 (exit 20), and the show is a major fund-raiser for various groups from Marion, Mattapoisett, Rochester and Wareham. The Sippican Seniors also are active in the show.

This year's show has been revamped with the addition of several mini-horse, Morgan, Appaloosa and cart categories. This year there will

Veterans' Update

Keep your State Veterans' Administration Office updated on any changes of address.

This word is from the State Regional Office to veterans receiving compensation and pension benefits through EFT (direct deposit).

The VA announced that those veterans who use this electronic system continue to receive uninterrupted deposits when they change addresses. That's good for the veteran because he doesn't miss checks and it's good for the VA because it allows them to do their job more efficiently. However, if the VA is not notified of an address change the veteran will not receive the latest information in benefit changes. (The computer banking system doesn't notify VA when a recipient changes address.)

When VA sent out notices of the recent 4.2% increase in compensation many notices were returned 'no for-

"MEET THE ARTISTS RECEPTION"
FIFTH GRADER FROM MARION ATTENDS

Sippican School fifth grader Andy Silipo and his family recently attended a "Meet the Artists Reception" at the Boston Public Library. Andy was one of the artists honored for his artwork being included in "Drawing Together: Children's Art from the U.S. and the U.S.S.R." His watercolor, "Cranberry Bogs in Spring", represents an important part of the local economy and landscape.

Sippican School hosted a Soviet Children's Art Exhibit last December as part of a Multi-Cultural Aware-

ness Program designed to enhance student awareness, understanding and appreciation of other cultures. The 25 piece exhibit was part of the CONNECT US/USSR Project, obtained from the Boston Area Educators for Social Responsibility and sponsored by V.A.S.E. The host schools were encouraged to participate in "Drawing Together" which encourages critical and creative thinking about ourselves and the U.S.S.R.

Sippican School students were given an opportunity in their art classes under the direction of art teacher Phyllis Kantarowski to draw or paint whatever they would like to show to young people in the U.S.S.R. - scenes of their home, real or imaginary places, scenes from stories, portraits of family, friends, pets, famous people, objects, etc. Andy's "Cranberry Bogs in Spring" was chosen from those submitted for consideration. His artwork and 27 other pieces by area students will be displayed with the Soviet children's artwork in the Boston Public Library Great Hall throughout June. Following the BPL exhibition, the U.S. students' artwork will be exhibited in the U.S.S.R. and ultimately given to schools and youth centers in the U.S.S.R.

Patrick Wetmore's combined 1500: Highest SAT score in ORR History

Patrick Wetmore, a junior at ORR and a resident of Marion, scored a combined 1500 on the College Board SAT exam. This represents the highest combined scores in ORR history. Pat received an 800 (a perfect score) on the mathematics portion of the exam and a 700 on the verbal portion.

ORR has typically had students scoring 800s on the SAT (Math) or Achievement Tests (Math). According to Mr. Cameron, mathematics coordinator, "We've had some great students in mathematics over the past several years. Just last year Erik Morris was our first student to score 800s on both the SAT and Achievements, but there have been others with similar abilities. For example, Brian Reid, Jeff Humphrey, Carmen Gracia, Ben Sawyer, Kevin Queen, Mike Gifford and Jim Livsey were in the same category."

Most of the population of Bath was on hand to witness this scene as the wedges were hammered out in the time-honored way, setting the ship free to slide down the greased rails.

The huge vessel did her thing without a flaw and joined her sister ship in the harbor to complete fitting out for their future role in U.S. sea power.

The people of Bath roared as the ship hit the water as Maine shipbuilders have historically greeted new ships ever since the days of the great wooden schooner, vessels built so well that many still sail as barefoot cruise vessels out of Maine's homeports such as Camden and Rockland.

"What Buzzards Bay Means to Me"

ESSAY FOR BUZZARDS BAY DAY
This essay by Braden Giordano, a grade six student at Old Hammondtown School, won first place in the Grade Six division of the Buzzards Bay Day contest held in conjunction with Buzzards Bay Day held Saturday, June 11th.

WHAT BUZZARDS BAY MEANS TO ME
Buzzards Bay is a wonderful, special place to me, especially since my Great-Grandfather graduated from Mass. Maritime Academy, my family has always made me aware of the area. I have been on several boats, sailing through the Cape Cod Canal. I feel quite fortunate to live close by. I also realize that it is important that everyone works together to maintain a balanced ecology in Buzzards Bay, so others may enjoy it as I do. We have to make a joint effort with nature. We have to remember that the coastline is always in transformation. Each wave can take sand to the shore or out to sea. A hurricane can assault us

and within an hour wreak havoc to the fragile coastline. We have to understand the importance of long-term care. It is vital to preserve what nature has given us and rebuild what she takes away. We can never separate ourselves from Buzzards Bay and its needs. To me Buzzards Bay is the spirit of Cape Cod and it must be carefully taken care of for our future generations to enjoy.

Host Families Needed

Volunteer host families are needed to house, feed and befriend high school students from Finland this summer. More than 25 homes in Marion, Mattapoisett and New Bedford are needed to house English-speaking high school students from July 1 to July 29. These high school students want to stay with American families and participate in American home life.

Families with lots of love to share are invited to share in an exciting cross-cultural experience in their own homes. Host families are invited to attend some of the special activities planned for the visitors, and will find this a terrific opportunity to get to know a young visitor from another land, as well as to help their homestay guests understand American culture and values. For further information call Phil Sanborn, Program Coordinator at 995-5112.

The House is set in beautiful grounds, including a boxwood-edged parterre garden and a prize-winning wildflower walk created by the Garden Club of Buzzards Bay.

Heritage Plantation

OUR NATIVE AMERICANS ART SHOW

"Our Native Americans" is the second rotating exhibition in the Old Barn Gallery which opened June 12th and will run through July 10th at the Heritage Plantation of Sandwich. The show is an exhibit of paintings of American Indians with particular emphasis on the Mashpee Indians by artist Frank Nicholas of West Barnstable.

Mr. Nicholas has exhibited extensively at the major galleries in this area as well as the Cape Cod Museum of Fine Arts. He has also exhibited in Washington, D.C., Palm Beach, Florida and in Atlanta, GA.

In his colorful and masterful paintings of Native Americans, Mr. Nicholas captures the character and dignity of his subjects. Many of the paintings focus on the Mashpee Indian Powwow, a yearly event that will coincide this year with the Heritage Plantation Show.

Mr. Nicholas' background is impressive both in the educational and commercial art field. He studied at the Pennsylvania Museum School of Art, Pratt College, Brooklyn, New York; The Art Students League, New York City; and at the Brooklyn Museum School. He free-
